Z-cyclic Wh(25) – A detailed summary of all such designs and specializations

Stephanie Costa, Norman Finizio*, Christopher Teixeira

A comprehensive report on all Z-cyclic whist tournament designs for 25 players. Included is a detailed summary of all whist specializations related to a 25 player tournament. In particular the first known example of a Wh(25) that is simultaneously a triplewhist and a directwhist design will be presented.

Key words: whist designs, whist specializations
