Temporary Access to MyMathLab Plus Directions

This semester, your instructor will be requiring the use of MyMathLab Plus (MMLP) for online assignments. MyMathLab Plus allows 21 days of temporary access from the start of the semester, allowing you to start your assignments immediately if you do not yet have a code or you are not ready to purchase. **NOTE:** If you utilize temporary access you will not be able to enter your permanent access code or purchase your permanent access online until after the 21 days have run out.

Refer to the MyMathLab Plus Directions, then please follow the steps below:

- On the left navigation, click on the Temporary Access link.

- On the Product Selection page, choose Access Code. Enter your temporary access code in the boxes.

- Once you’ve entered your code, you’ll get the confirmation screen below. Click Return to Course to continue.
Congratulations! You have access to MyMathLab Plus. When you return to MyMathLab Plus you'll see the course home page, which shows upcoming assignments, a weekly calendar, and announcements. You can navigate to your assignments, course tools, and textbook resources through the left navigation bar.

To contact Tech Support, click the button in the top right of your course screen.

To Log out, click on the key icon below the left navigation.

(NOTE- This will log you out of MyMathLab Plus to an informational site where you will not be able to login from. To login again, please return to https://blackboard.fau.edu.)
• After 21 days from the start of the semester, you will see the Product Selection Screen when you login to MyMathLab Plus. At this point, you will need to enter your purchased access code or credit card information.

• **Access code** – If you purchase a new textbook package at the bookstore, your access code will come in the package. You can also purchase a standalone MyMathLab Plus access code at the bookstore.

• **Buy Now** – You can purchase access directly through the MyMathLab Plus website using a credit card or PayPal by choosing the Buy Now option.
